

A watercolor illustration of a retro bathroom. The scene is dominated by warm, earthy tones of brown, tan, and beige. In the foreground, a classic pedestal sink with a curved front and a central faucet sits on a matching wooden-style base. Above the sink, a large rectangular mirror is mounted on the wall, reflecting the room and two wall-mounted light fixtures. The walls are decorated with vertical paneling and horizontal lines, suggesting a classic architectural style. The overall style is soft and artistic, with visible brushstrokes and a slightly textured appearance. The word "RETRO" is superimposed in the center in a large, white, serif font with a thin black outline. Below it, the word "Sapho" is written in a white, elegant cursive script.

RETRO

Unlike constantly changing modern trends which can become outdated quickly, the sophistication of RETRO STYLE design has stood the test of time. It's aesthetic power is derived from nostalgia, and a desire to go back to roots, traditions and values. RETRO STYLE is a symbol of quality, passed down through countless generations. It has intrigued us through the ages, and provokes our natural curiosity about our shared history. RETRO STYLE can also inspire, allowing designers to riff off of the creativity and ingenuity of their predecessors while incorporating contemporary elements and experimenting with the fusion of past and present trends.

RETRO brings not only timeless design into your bathroom, but also finesse, elegance, and culture. RETRO isn't just for those who pine for the good old days, its versatility allows it to breathe unique and personalised style into any interior. A variety of elements can be used to express the unfettered spirit of idealistic youth, or evoke the grandeur, refinement and passion of past eras in combining RETRO STYLE with modern elements and technologies, we are creating a bathroom space which will be both pleasing to the eye and functional.

Na rozdíl od proměnlivých módních trendů v sobě RETRO STYL ukrývá všechny propracované a léty prověřené designérské skvosty. Jeho kouzlo spočívá v symbolice, která vychází z nostalgie a touhy vrátit se zpět ke kořenům, tradicím a hodnotám. RETRO STYL pro nás symbolizuje kvalitu, která překonala i desítky generací. Fascinuje nás napříč časem a podněcuje naši přirozenou zvědavost a zájem o historii. RETRO STYL je zároveň velkou inspirací, a proto ho s oblibou promítáme do současných trendů, experimentujeme s ním a kombinujeme s dalšími styly a moderními prvky a tím mu dodáváme na jeho novodobé autentičnosti.

RETRO tak vnáší do Vaší koupelny nadčasový design, který jen tak nevyjde z módy, ale také výjimečnost, noblesu a tradici. Oslovuje nejen milovníky starých časů, ale svou přízeň si získal též u designérů, kteří mohou díky němu vdechnout svým interiéřům jedinečný a osobitý styl. Rozmanitost jeho prvků lze vyjádřit nespoutaného ducha mládeže a idealismu, nebo pozdvihnout impozantnost, vášeň a eleganci éry dávno minulé. Jeho kombinací s moderními prvky a technologiemi vytváříme z koupelny prostor, který bude příjemný, stylový a funkční zároveň.
